12 December 2022

To whom it may concern:

I am writing this reference at the request of Mikael Rademeyer. Mikael worked with me over the period of a year at Codesphere Systems as a software developer intern.

Mikael has a number of strengths that I would like to share. He is a very fast learner and is a team player. He is also versatile, eager to acquire new skills and completes tasks promptly. On a personal note, Mikael is smart, humble, well-mannered and got along well with everyone on the team.

In conclusion, I would highly recommend Mikael. If his performance in my team is any indication of how he'd perform in the available position, Mikael will be an extremely positive addition to any organisation. If you need any additional information, feel free to contact me at +27 31 831 0500 or by email at sean@codesphere.co.za at any time.

Sincerely,

Sean Woodall
Software development team lead

Codesphere Systems
